

QUALITY POLICY

We at NTPC GE Power Services Pvt. Ltd. Are committed, wherever we operate to:

Meeting our internal and external customers' requirements on quality ensures the performance of our products and services; we endeavour to deliver right the first time & satisfy our stakeholders.

- Compliance with all applicable statutory and regulatory requirements.
- Continually improving the effectiveness of our "Quality Management Systems."
- Promoting the responsiveness, dependability, and competence of all employees through training aimed at delivering committed results.
- Strengthening effectiveness and use of internal processes, quality methods, and tools.
- Developing external providers for mutually beneficial relationships and to consistently comply with our requirements.
- Periodically reviewing this policy so that it remains relevant and communicating it to all concerned.
